Email : MDPB-registry@rodekruis.be

To: Airport Security Officer on duty

I am writing to confirm that: (Name of courier)
A member of the Bone Marrow Transplant Team in
(Name, country Transplant Center)
Is traveling on (Date)
and (flight)
Back up flight
for the purpose of transporting Bone Marrow / PBSC from a donor in Belgium for use
in a transplant on a patient in
(name transplant center)

It is imperative that the blood stem cells be transported without delay and that the
blood stem cells remain with the courier at all times.

WARNING: PLEASE HAND INSPECT AT AIRPORT SECURITY
CHECKPOINTS

These blood stem cells must not be allowed to be X-rayed at airport security checkpoints.

Repeated X-ray may damage life-saving cells contained in this product.

If it is essential for airline safety to X-ray these blood stem cells, this courier has been instructed to cooperate fully with your requests.

The donor of this product has been tested and found negative for viral hepatitis and HIV (AIDS). Your cooperation and assistance in expediting the arrival of this product to its destination without delay are appreciated.

Would you please make sure that the delivering proceeds without any delay since those cells have a limited survival and a patient has been treated by high dose chemotherapy and needs this transplant to survive. If there are any other details you need please do not hesitate to contact the Registry at 015/44.33.96 (during business hours) or 0473/36.73.50 or 0476/83.31.97. (GSM outside business hours).

Thank you for your prompt attention to this urgent matter.

Yours sincerely,

Dr. Anne Vanhosebrouck
Director
